

Mountain Garland

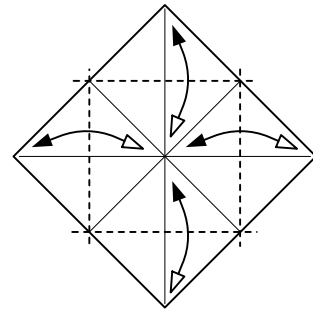

1

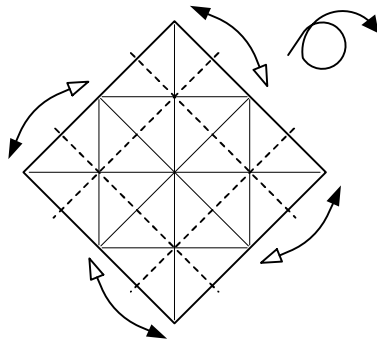

2

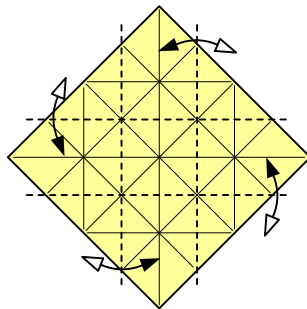

3

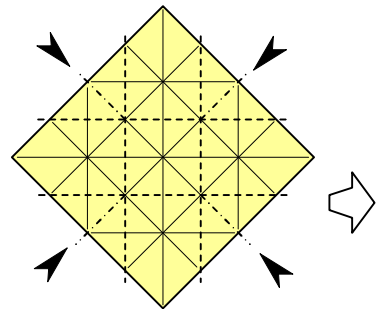

4

5

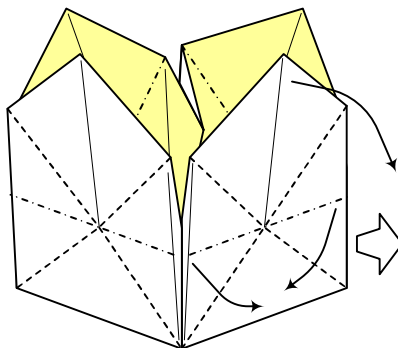

6

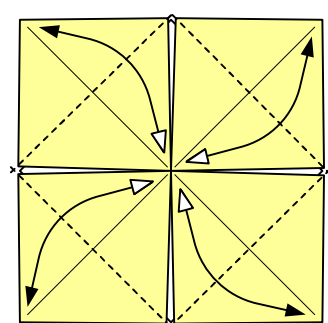

Form a box shape

7

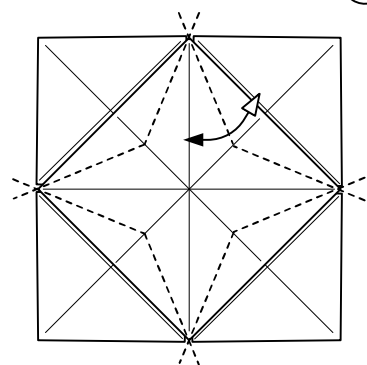

Make a "waterbomb" collapse on all 4 sides

8

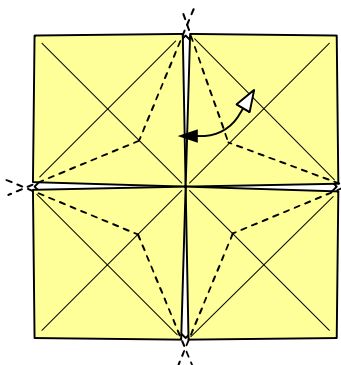

9

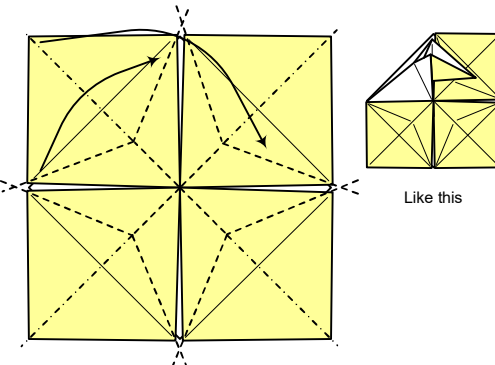

Pre-crease a bird base

10

Pre-crease a single layer

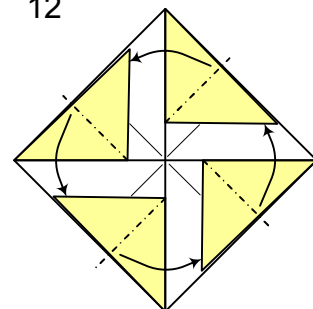

11

Like this

Reverse fold on the creases from step 10 while folding each square in half diagonally

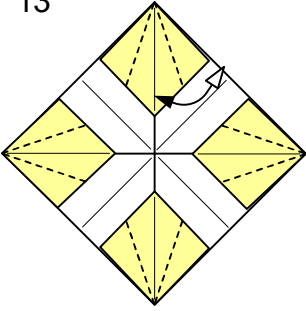

12

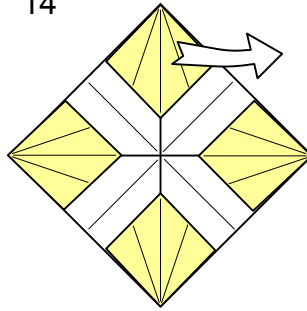

Squash folds

Mountain Garland

13

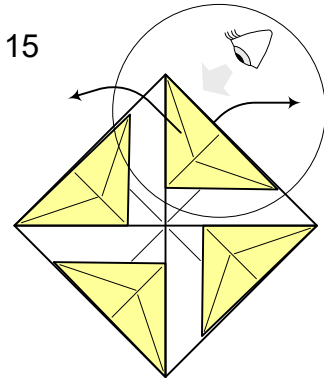

14

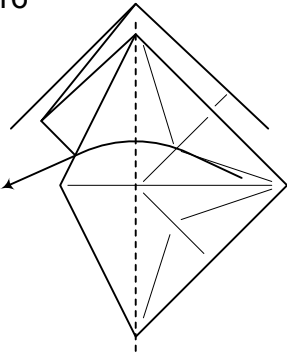

Unfold back to step 12

15

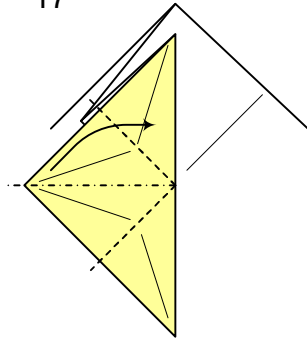

Open out slightly and view from between the layers

16

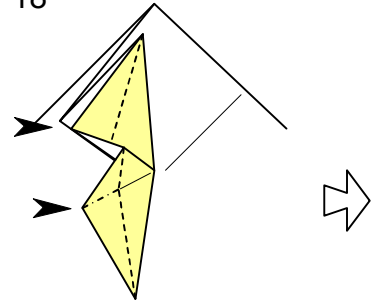

17

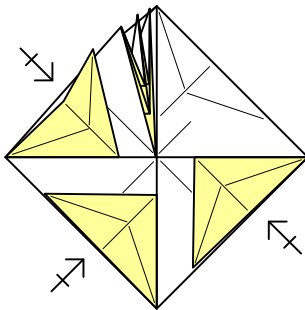

Reverse fold but do not flatten

18

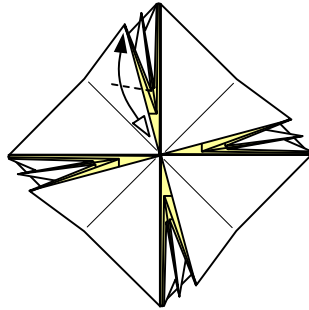

Two reverse folds, then flatten

19

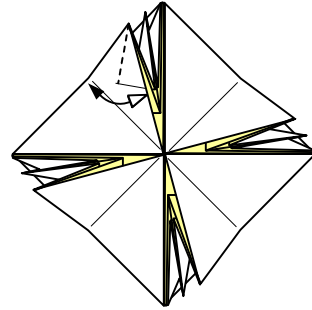

Repeat on the other 3 flaps

20

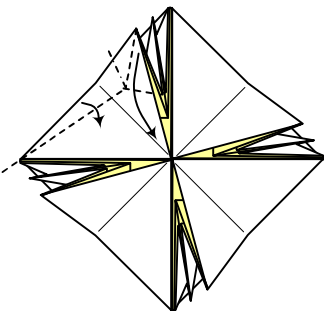

Crease the small points down as far as they will go, do not fold all the way to the edge

21

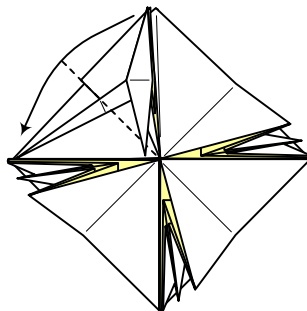

22

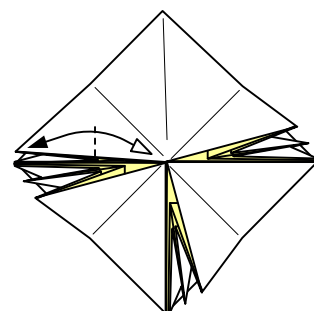

Rabbit ear

23

Swing the point to reveal the opposite side, there is no need to completely flatten the model

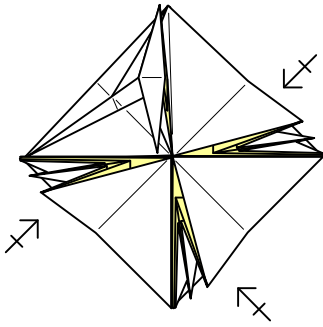

24

Repeat steps 20-23 on the other side

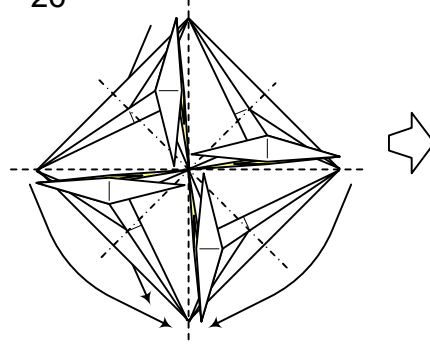

Mountain Garland

25

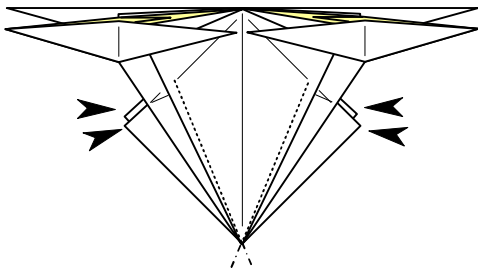

Repeat steps 20-24
on the other 3 points

26

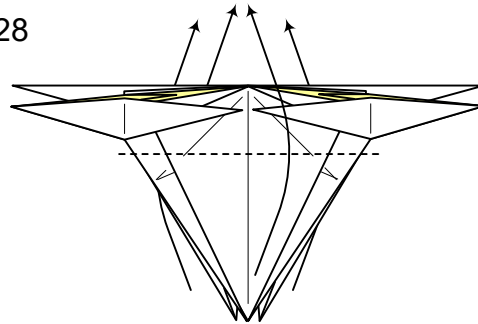

Preliminary fold, swing the flaps
with the small points to the side

27

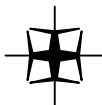

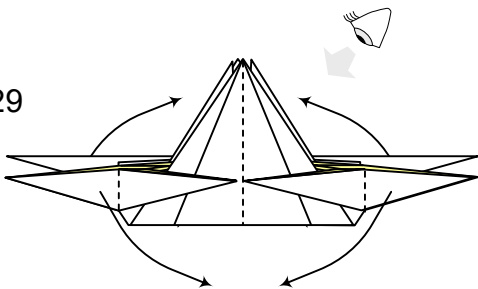

Inside reverse folds using the
creases made in step 9

28

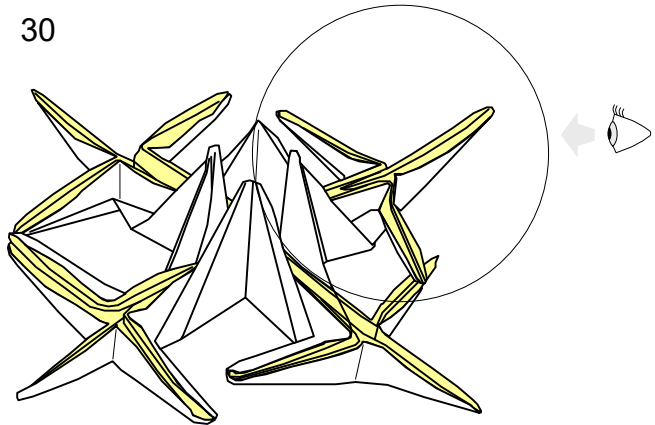

Fold all 4 points up as far as they will go,
do not trap the small points

29

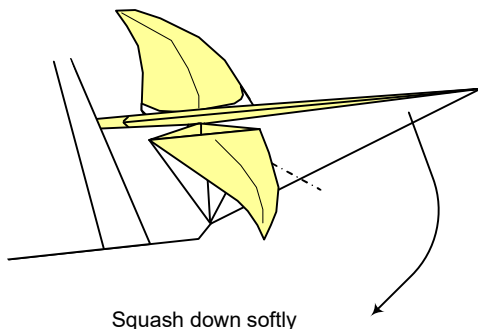

Spread the points so it
looks like this from the top

30

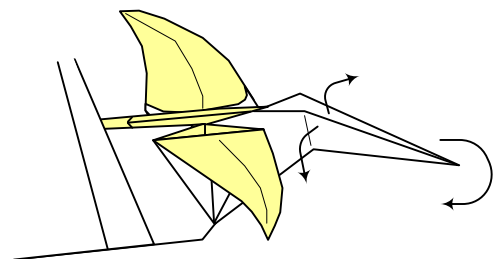

31

Squash down softly

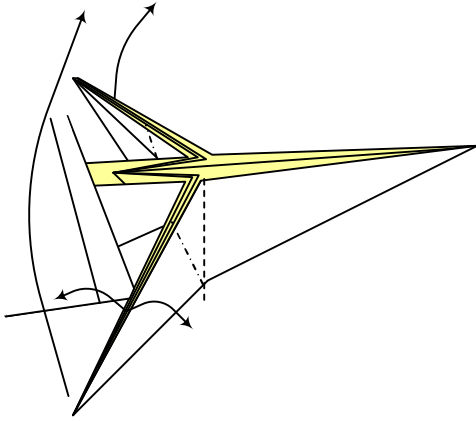

32

Separate the layers then curl the tip

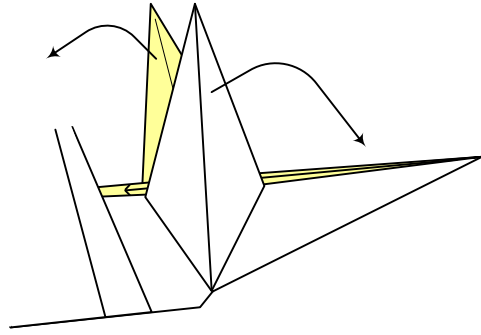

Mountain Garland

33

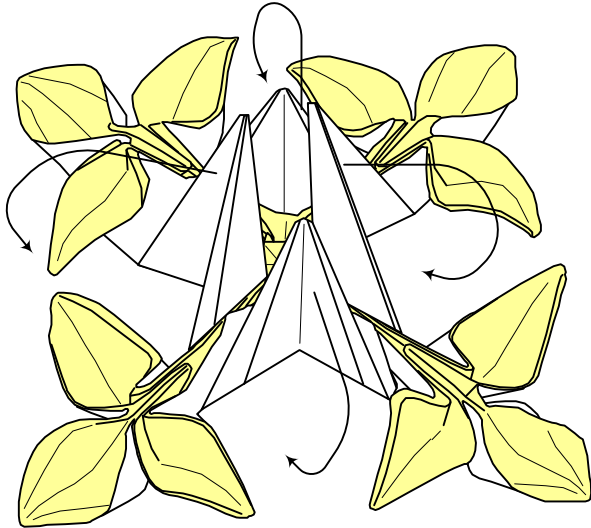

Squash fold symmetrically without making any firm creases

34

Curve the petals down

35

Curl the central points
